ADULT INMATE FORECAST FAST FACTS:

The **Adult Inmate** forecast includes populations under the state's jurisdiction and housed in institutions. It includes the effects of changing demographics, crime rates, prison usage, violations of community custody, and policy changes (new legislations or initiatives). Assumptions for the crime rates and prison usage were set by the Sentencing Guidelines Commission. The population trends are provided by the Office of Financial Management, and the impact of new legislations is based on review of fiscal notes.
